

a crafty bride

we design. you print.

amazing color selection! Not sure which color matches your wedding details? Print out this page to see what colors will match best. Things to keep in mind: Print sample sheet on the paper you will be using for your invitations. Printing on any color besides white will change these colors slightly. Make sure the print settings are on highest quality for the best results. Each color is displayed at 100% and 50%.
